

Smart sensor technology

Voice commands

Announces caller name

**plantronics®**

# The first truly intelligent headset

## Voyager Legend®

Introducing the new Plantronics Voyager Legend headset. Combining triple-mics that cancel noise and wind, voice commands, and smart sensor technology, Voyager Legend understands how and when you want to talk.

# Voyager Legend

**Simply intuitive.** Smart sensor technology reacts when you put the headset on, letting you quickly take a call without a click. If you're already wearing it, Voyager Legend announces who's calling and waits for you to say "Answer" or "Ignore." Simply tap the voice command button and ask to check battery level, connection status, and more. With technology this nimble, Voyager Legend is the first truly intelligent Bluetooth® headset.

## UPDATE ONLINE

Using your Mac® or PC with your USB cable, you can personalize feature settings and update software using our simple MyHeadset™ Updater tool.

## VOICE COMMANDS

Just say "Answer" to take a call. Tap the Voice button to check battery level or ask "What can I say?" to hear a list of commands.

## CALLER ANNOUNCE

Announces incoming caller's name so you don't have to look at your phone (PBAP profile required on phone).

## MOISTURE-RESISTANT

The P2i military-grade nano-coating protects the headset from sweat, moisture, and spills.

## TECHNICAL ASSISTANCE CENTER

Backed by Plantronics industry-leading global service and support 866-363-2583 or [plantronics.com/support](http://plantronics.com/support). For more information about the Voyager Legend or other Plantronics products, please visit our website at [plantronics.com](http://plantronics.com).
